DETAILED ACTION

Response to Amendment

1. The text of those sections of Title 35 US Code not included in this action can be found in a prior Office Action(See Serial No: 09/264,171). The text of those sections of Title 35, U.S. Code not otherwise provided in a prior Office action will be included in this action where appropriate..
2. This action is responsive to the amendment filed 3/21/01.
3. Applicant deleted all originally filed claims 1-34. Applicant added new claims 35-91. Claims 35-91 are pending.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Independent claims 35,44,64,68,75,81,82 are rejected under 35 USC 112(2nd) for failure to specifically point out and distinctly state what applicant regards as his invention.

Claim Rejections - 35 USC § 101

6. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Art Unit: 2164

The claimed invention lacks specificity in the independent claims 35,44,64,68,75,81,82 as to how one would implement the invention and reduce it to concrete, tangible and utilitarian form. In its present form, it lacks patentable utility.

Response to Arguments

7. Applicant's arguments with respect to new claims 35-91 have been considered but are moot in view of the new ground(s) of rejection as necessitated by applicant's new claims.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
